In early Economic 1999 we received a letter from Elve, Belgiam Congo, requesting price and followsy influenciam as a chart, accepact, for talescope think we manufacture for quorisons. The Dellanac	
persgraphs are taken from Letter:	
As you American do not want to tall us that the so stanisly called 'flying someme' are, and shows all, that they want (and this may be ; vary important in the future), I need your consilient belossope for synulf and my choosestim group which I am just accepting.	
The UFO / Unidentified Flying Chieving are sening mare and more ever this country, and eving pathops to the very acture of this land and the beautiful adjute, we here look more after in the sky then the beay Americans.	
Then telling me too prions, please swammer that the packing most be almost armor-plants, become otherwise the local wardals may destroy the telescope even before it reaches mo."
